Listen up!
Don't get me wrong, but no matter what, our interest still takes priority!
Things like this has to be made loud and clear right from the beginning!
Soul
You're being way too outspoken~
Am I right?
Ah?
It's only natural for you guys to start speaking up first,
But we are still listening to what you guys have to say with an open heart.
Think about it, there's no need for us to answer your questions at all.
Nah
Well that's true
That attitude is irritating
It is
Is he picking a fight?

Hey, wait a minute.
Still, I saved you before, when you fell down the cliff.
Am I right?
Eh? He escaped?
ぽん
Also, you still haven't thanked me for it yet!
Ah!
That's right!
I'm really grateful for your help, because the situation then was a little chaotic; I've forgotten to thank you.
I'll now formally express my gratitude here. Thank you for saving Sou
Huh.
Since you've already been thanked, we don't owe you anything now
In the first place that fall was your fault because you blocked my way.
WHAT?

Situations like this, where the control lies with someone else...
are really annoying...
WAIT-
Hmph! He out smarted me!!!
Or...
But, the chances if we depend on Takaya Sou are slim to none. The probability seems better with Takaya Sui...
Anyway, the original target is Takaya Sui.
As long as I can guide him properly...
THAT GUY!
WAIT A SECOND!
That's right, we should indeed explain first.
This is exactly what we plebeians were hoping for.

HOW CAN YOU TELL SOMEONE YOUR FAMILY'S INFORMATION SO EASILY?
YEAH! WOULDN'T YOU BE DIVULGING YOUR WEAKNESSES?
That guy is surely hiding some ulterior motive..
ポソッ
Huh? But he's agreeing with what Sou is saying.
That guy has a really strong sense of pride. It's impossible for him not to get upset when someone is displaying such arrogance
But, instead, he's agreeing to his request, using that kind of blunt attitude...
On top of that, he's still using formalities that gives people goosebumps just by hearing it. It's definitely not as simple as it seems.
キぱ
Indeed...
It's up to the individuals, if they want to tell or not.
But I do want to hear what happened next, so if you guys are not telling, please get out of here.
ARGH
DAMN

Understood...
I'll tell, so please let me stay.
Me, too... Since I've already come this far, I can't go back empty-handed!
So, since we each have something to declare,
I'll start this off by discussing matters of our Kunimi clan.

Of course, if requested by someone, we also set up spells
or hunt demons.
The Kunimi family is an onmyouji clan with a thousand years worth of historical background and traditions.
We read horoscope, do fortune telling and exorcise demons.
Actually, our biggest client is the power-holder of the era.
On a side note, does anyone know why the Kunimi clan can survive from generations to generations?
T/N: KUNI = COUNTRY
MI = SEE/LOOK, KUNIMI LITERALLY MEANS "LOOK OVER THE COUNTRY"
It's rumored a long time ago that "Kunimi was the shadow of the governance", these rumors were in fact true
Anyway, it's not that inaccurate to say that Kunimi is the power behind the Japanese government
It's why we, Kunimi, are a well-respected and a noble family..
Our surname "Kunimi" came about as we were able to see the country's future.
AH- THAT'S ENOUGH!
Kunimi Kunimi so long-winded!
-Too long
Oh. The situation?
Although you're digressing from the topic is it all right? Not to mention it's the Kunimi family's secret
Keep
Really?
Ehhh-
Wah-
Wah-

THAT'S RIGHT. WE DON'T WANT TO LISTEN TO THAT AT ALL! JUST GET TO THE POINT ALREADY!!!
YOU DON'T HAVE TO KEEP BRAGGING ABOUT YOUR FAMILY BACKGROUND!
MASAKI! YOU DON'T HAVE THE RIGHT TO TELL ME.
Oi!
Our house has a doorsill, it's enough to just tell us the main point!
Don't keep talking about a whole bunch of useless stuff
Sorry, we just don't want to drag this on for too long
Keiji.
I know you're proud to be part of the Kunimi clan...
But the way you're so full of yourself is making even me, who is from the same Kunimi clan, feel embarrassed...
Even if you have to talk about the structure you don't have to disclose classified matters
Ah! I'm happy coz I get to find out something interesting...!

What? Don't feel like telling anymore?
If that's the case, we'll head back. I don't mind at all.
Sou... It's better not to provoke him anymore.
Ugh It's Kuro is leaking out with such force.
Ah... The air is filled with anger
Gulp!
No, I'll continue.
Because this matter is related to our Kunimi clan.
Like what I said earlier, the Kunimi family is a clan full of talents, since a long time ago.
But these past ten years,
A majority of the newborns, like the person standing there, Masaki, have extremely low-level abilities.
A retribution for what I'd said!
If this were to continue, the aristocratic onmyouji family Kunimi, will indeed be facing a crisis...

So, because of that,
we would like to change the current circumstances of the Kunimi clan, who is nearing its end.
Huh, what?
If this carries on, onmyouji will become extinct, isn't that awesome?
Even though it may be depressing but if they are gone, it's a load off my mind!
It's not as if people are dying due to the loss of some abilities, what's so bad about that?
They'll just become normal humans.

NOT!
Abso-
lutely...
THE ONMYOUJI IS THIS WORLD'S ROMANCE!
I FINALLY GET TO KNOW THAT ONMYOUJI REALLY EXIST IN THIS WORLD BUT ARE NEARING EXTINCTION! I WILL NEVER ALLOW THIS KIND OF THING TO HAPPEN!

WHAT ROMANCE? I WON'T ALLOW IT! NO ONE IS ASKING FOR YOUR OPINION ANYWAY, FAT PIG!
WAHH!
What he says is true...
If we were to become extinct...
...this world might head towards a total collapse!
WHAT?!
May I ask... what that means?

Recently..
Haven't you guys feel the increase of opportunistic killings,
extreme abuse,
suicides or depressions of people?
have increased significantly?
Eh... What does "Konton" mean?
It's the existence or place of filthiness.
Something called the "Konton" is the cause of all this.
As this becomes more pervasive, the more it influences humans.
The requests of people trying to suppress chaos are increasing, while on the other side, the onmyouji's strength is slowly depleting,
If this situation continues, the power of "Konton" will expand more and more, the violent atmosphere will also increase accordingly.

That's why, in order to save the world, we need the power of the Kunimi's clan!
Do you understand the meaning of this now, Takaya Sui?!
Huh?
ガタン!
すっ…
Mn…
Sou…
Sui!
ギロッ

If-
You're unable to save the whole Kunimi clan.
It's okay, you can just save me.
I can use my entire existence... to protect this whole world!
If you can bestow a huge amount of power upon me,
Whoa- such lofty ambitions.
Also, he may want to dominate the Kunimi clan, as well...
That guy... He's ignoring the order of the Kunimi clan and wants to obtain the power for himself...
Even though he has enough powers... Greedy bastard...
Huh?
ボソッ
Ah~ I know what Keiji is up to now...
That's bad of h m

Maybe it's because everyone is losing belief.
Why is the "Konton" becoming active?
Erm...
That-...
Kitano?

So, I suppose during that period of time, there were really gods and demons, and they possessed powers
No matter if it's an object or a place, everything have a god in them, same with the existence of demons.
It's very common that the people of the olden times believe in the existence all kinds of living things
Isn't there a saying about "the unbelievable power of belief"?
Relying on faith and perseverance, even a normal human can chase away the devils.
However, it's a materialistic culture now, people start disbelieving things that can't be seen...
When a person doesn't have their belief, it's easy to destroy the nature.
A tired human's heart starts producing filthy matter. Gradually... it's turned into this kind of society.
Because for people who don't believe, it doesn't matter if it's gods, spirits, ghosts, demons, aliens, werewolves, or vampires; they all don't exist to them.
Things that are "not here" obviously can't exist, hence can't produce power.
Things that are not here can't exist
And also, due to the spread of "Konton", the strength of the onmyouji is getting weaker?
Yes.

It seems to be the case..
Within these hundred years, there are hardly any trace of the Japanese wolves...
The belief in of the olden times' Dog God is also slowly diminishing now..
That's why, in the current wolf clan,
...there is an increase in clan members that can't transform into wolves...
Without the ability to transform into wolves, they can't give birth to the next generation.
Without the next generation, clan members can't increase
If this carries on,
THE LONE WOLVES TRIBE WILL ALSO BECOME EXTINCT LIKE THE JAPANESE WOLVES!!!
That is why our clan needs a power that can help us overcome this situation!

Back then, like what you all know, we fed on human blood
But these last ten years or so, not sure if it's the change of the human nature, but we gradually can no longer digest blood anymore...
However, we can absorb their essence, using it to replace fresh blood, so there weren't any issues.
We have even evolved to the point that we can live under the sun...
It's the same with us vampires...
HUH?
We're not sure when it started, but our race has stopped increasing.
But we've realized something.
Even if the vampire race has a long lifespan, if what is happening now continues, we'll go extinct one day...
and we can't turn them into vampires like in the stories to increase our race.
We can't have kids with humans,

THAT'S WHY WE'RE HOPING TO PREVENT THIS KIND OF THING FROM HAPPENING!
Oh.
It's better if you guys become extinct because of that,
because monsters don't need to exist in this world anyways.
NO WAY!!!
WHAT DID YOU SAY?
Are you getting back at us?!
THIS BASTARD
This is a life-and-death situation for us

There he goes again...
WEREWOLVES AND VAMPIRES ARE BOTH RARE SPECIES THEY ARE A LIVING LEGENDS!
SPECIES THAT ONLY USED TO EXIST IN DREAMS ARE FINALLY IN FRONT OF MY EYES; THEY DEFINITELY CAN'T GO EX-TINCT-!!!
It's too scary this way~
CAN YOU NOT TALK ABOUT US LIKE WE ARE SOME DANGEROUS CREA-TURES RECORDED IN THE RED BOOK? FATASS!
You...
Eh- You've misunder-stood. I don't mean it like that.

That-
Sou?
チラリ
EH?
Can your power realize our dreams, Takaya Sui?
So, since we've already told you about our issues, shouldn't it be your turn already?
びくっ
You should be ..
Can ...I?

Sou has the ability to interfere with DNAs and change the levels of cells,
and he can summon the powers that the living things originally have.
...able to.
Ah/ That's why Sou's wounds were healed in an instant.
The sprouts growing out from the surroundings were also because of that ability..
Yea.
On top of that, it seems that Sou's abilities were triggered when he was still a fetus.
Actually
Oh-
Really?
Wah- That's awesome!
So...
What exactly is Sui?
His true form?

It seems to be...
...something like a creature from outer space...
CREATURE FROM OUTER SPACE..?!

CREATURE FROM OUTER SPACE?!

Erm... Not exactly an alien...
Creature from outer space.

Sui is indeed an alien-♡
ET or friends of Greys?
I thought he's something that came from another universe...
Ah but the divination said "landed". If it said "landed" then it has to be something from above...
That's why I'm saying I'm not an alien, but a creature from outer space.
So...
Can I ask another question? Are you mimicking the image of a human now? Do you have a real form?
Or are you an human-like alien?
HUH?
Mimic-king...
True form?

KITANO CAN YOU NOT TALK ABOUT SUCH SCARY STUFF?!
ガビーン
No.
Am I like those things?
Will my true self come out? Sou~
I'm not scared of ghosts but I'm no good in the dark~
But
ブル
ブル
what?
The one that's similar to Sui...
is an invisible type of creature.
That... That's good... to hear...
If I have a scary appearance I would cause panic.
Yeah,
it's similar to air, so it's not a mimic.
Sui's body is my twin brother's, this point is correct.
Oh, do you mean, a spiritual body?
What is that?

Talking about creatures...
At the end of the universe, there's a body that contains a source of life.
But is something like this, a fragment that has been separated from that body.
This body dispersed throughout the universe,
and floated to various planets to become the start of life.
...and has become the Earth's and its current habitat.
Since the olden times,
this source of life has been floating around.

...at the end of the universe, it's like there's a hundred percent nutritional value Calpis juice,
100%
and Sun is like a diluted drop of it, similar to a nutrition drink?
Then Earth becomes healthy when it takes enough of the sun.
That means,
We might as well go all out and say that he comes from a different world... Might as well treat this as fantasy.
It can't be.. Although it's a fact, this kind of thing is out of my imagination. I can't keep up.
I know the secret to the creation of this world now...
Excellent simple and clear!
Really? Hehe
That's right,
exactly as Kitano described.
Whoa Sun praised me!

If that's the case,
I can use that energy to increase my abilities—
If we can use it to strengthen the werewolves' abilities—
If it can recover the life force of my race's blood—
In other words, it's like an evolved form of a huge source of energy...
That's Takaya Sui's power.

So mysterious!
So, 16 years ago, it should have landed somewhere on Earth, right?
It actually went into Sui and Sou's mother's body, how awesome-
Yup, it didn't lose the chance of getting a hole in one!
Sui, why are you discussing like it's someone else's issue? It's related to yourself, you know.
Eh? But...
Although I have the power, there's no memory of me using it, it doesn't seem real at all.
Even for the stuff mentioned earlier, I only knew that after Sou told me...
Huh? So who did Sou hear it from?
When I was with Sui in our mother's womb.
To be exact, it's from the guy who merged with Sui.
Eh? It's when you're a fetus how would you remember?
I can't even remember stuff that happened when I was a baby
Or rather I'm surprised that I even here from utero can talk
That's right, it is possible! There are kids younger than 3-years-old who can remember things of when they were a fetus. Among these people, some can even remember their past life. .
Ah~ Ah~ Ah!

That's because Sui is afraid that someone will appear, like that guy over there, and want to take this power as his own, or someone who would use it for evil. He was worried that a war would arise, so he sealed himself up.
Just as he expected
Eehh... Even though I have many friend things to say...
That's enough talk for now.
ぽんっ
We'll talk about these later.
Sou still remembers, right?
So why does Sui not remember at all?
That...
Ooo
It's not like we'll use it for anything bad.
What?

Just like what he said earlier...
Because there a seal, I lost the memory of when I used the power.
I see-
So that's the case.
Yu that's why
That's why we can't find it.
Please hold on for a minute!
Takaya Sui,
...you just said that you don't have the memories now, as well, right?
Eh?
Ah, yeah...
That's right...

Ah!
Ah!
Ah!
Which means-
The you now, who doesn't know how to remove the seal, doesn't know how to use the power?
Is that right?

So?
So... Sorry...
I don't know so can't use it.
Sui doesn't have to apologize!
Other than that, Takaya Sou,
...do you know how to remove Sui's seal and how to use the power?
I'm not Sui, how would I know?
Really?
Of course.

Although we've found the person, he can't use his powers. Isn't it useless, then?
AH, REALLY!
Hey... It can't be.
We've already come this far, should we go back to the starting point now?
What a headache.
Damn! Why is it like that...?
Turns out he is an obstacle...
.....
Let's just start with the special training on removing the seal. How's that?
How calm Fable
Kotone You really have a strong heart!
Guys!

So...what kind of special training should I do?
How about playing poker cards or guessing ESP cards?
And there's also memory training or Qi Gong*.
These can be conducted with games. It should be fun, right?
*SYSTEM OF DEEP BREATHING EXERCISE
Ryu Ryu
I think concentration is the basis of everything that we do.
If it's like it's can do it
Think of it as a new kind of card game!
Oi! Will these methods work?
Aren't those ordinary games?
This is a life-and-death situation for our races, can't you think of a more reliable way?!

HE WANTS TO HELP ALL OF YOU. THAT'S WHY HE'S GIVING SUGGESTIONS!
PEOPLE WHO DON'T PROVIDE OPINIONS SHOULDN'T BE GRUMBLING!
Kwumu... It's okay
IF YOU WANNA COMPLAIN, THEN THINK OF A BETTER IDEA!
Ugh!
It's because I can't think of anything better that I'm aggressed
If I had better idea, I would've said it already!
Humph!
プイッ
...guiding him to emit his powers,
is not something these games would achieve..
I think, although it's good to conduct a special training,
カチーン
SO, KEIJI, DOES THAT MEAN YOU KNOW A BETTER WAY TO GO ABOUT IT?

That's right.
Think about it carefully, it's actually quite simple.
We just have to find a way to force the power out.
In other words, we'll chase it to the life's dead end.
And at the point of life and death, if he's cornered and doesn't have a way to go, wouldn't the seal break?
Right?
HOW CAN YOU BE SO CRUEL? NO ONE WOULD AGREE TO THIS KIND OF LOUSY IDEA!
WE WOULD NEVER LET SUI BE IN DANGER!
ばばばばっ..
You guys don't think so?
Don't mess with me!
Wait.
You demon!!!

Hey, hey, it's like a practice, shouldn't be a problem.
Look, even lions push their cubs off the cliff. In other words, that's a love whip!
NO NEED FOR THAT KIND OF LOVE! HE DOESN'T NEED YOUR LOVE. RIGHT FROM THE START!
SINCE WHEN ARE YOU A LION? MOREOVER SUI IS NOT YOUR KID!
I thought this was a good idea, to think no one is willing to accept it, what a waste...
Only you would think it's a waste!!!
To satisfy his own greed, he's willing to let someone suffer, this guy is really too much-
I don't care about what the human thinks, I think the idea is not too bad...
But to think a similar race can say these kind of things with a straight face...
This kind of person don't even have the rights to be human
Er, come, let's think of other ideas!
Let's start from scratch.
Clues are usually left behind at crime scenes
Kuku

THAT'S RIGHT! IF WE INVESTIGATE WHEN SUI USED HIS POWERS WE MIGHT BE ABLE TO FIND SOME CLUES!
Eh...
If the power is used in an instant, theoretically, it should be the moment when Sou fell off the cliff.
Sui's timing seems to be off.
THAT'S BECAUSE THE IMAGE OF THE CAR ACCIDENT WAS FLASHING THROUGH ME AS WELL.
Actually,
...it was after Sou was saved and when you saw his bloody face.
That is when Sou fell down the cliff, right?
When I used my power...

That's right... It's the car accident...
That time, the person who got into an accident...
...wasn't me... It was Sou...
To protect me, Sou got injured and lost a lot of blood...
And I... healed his injuries...
Eh? The one who's in the car accident was not Sui?
I've lost the memory of the car accident... Don't really remember...
But when I used my powers the second time, there's a flashback and that's how I remembered...
がばっ
Right, Sou?!
The one who got into an accident is Sou, right?!
Sou!!!

Sou...
That's too much, how could you lie...?
It's all my fault, Sui...
IF I REMEMBERED HOW DO YOU THINK I'D FEEL?!
I'm sorry... Sui...
Why...?
Why did you lie to protect me and with the injuries...?
That's right...
Because I wanted to hide Sui's power, I lied to you.
Somehow it's like I'm tired
Touchin
touch
lovers
It makes me feel calmer

Meaning, we just have to endanger Sou for Sui to use his powers?

NO!
WE DEFINITELY CAN'T PUT SOU IN DANGER!
IF YOU GUYS DARE TO ATTEMPT THIS, I WILL NOT PROVIDE ANY ASSISTANCE TO YOU GUYS AT ALL!!
We were just about to confirm the conditions...
Since you have put it that way, there's no way that I can do anything to him!
Even though the thought had passed my mind, I wouldn't do something as horrible as that!
Sui♥
